About Cosmos & Mariner

Cosmos Granite & Marble was started in 2005 with the aim of providing its customers with superior quality materials at competitive prices and services that one can depend upon. Quality and service have always been our founding principles and combining them with the knowledge and experience of the industry experts who are an esteemed part of our team, we have become a leading natural stone and quartz distributor in the US.

Cosmos Granite & Marble has continued to embrace the change in technology through continuous investments in both equipment and personnel. With thousands of products available in varied colors and sizes, we help create the best out of your spaces.

We constantly work on our supply chain procedures

and new product offerings and MARINER is a product of such efforts.

The MARINER line of sinks is designed to satisfy the design conscious yet practical home owner in mind. The Mariner line is a perfect balance of contemporary design and functionality. All of the products are made with the best in class materials and finishes to add to the beauty of your home.

With MARINER, we continue our commitment to provide outstanding products to our customers, both existing and prospective. Experience the triumph of the industry leader with world class building stones, tiles, sinks and much more at our conveniently located facilities across the country.

MERCURY

Mercury sinks are a perfect balance of contemporary design and practicality. They are manufactured with 304 Stainless Steel and in 16 gauge for superior strength & better durability.

These sinks are available in two formats - zero radius and small radius, allowing you to pick the right model for your space. Firm and rugged, the Satin Finish and curved Apron front add beauty to any kitchen. The Sound pads and sound spray help in sound deadening while the accessories add to the functionality of the sink.

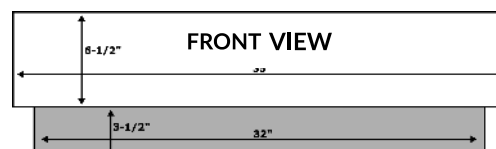

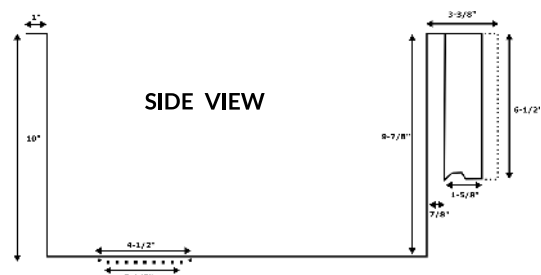

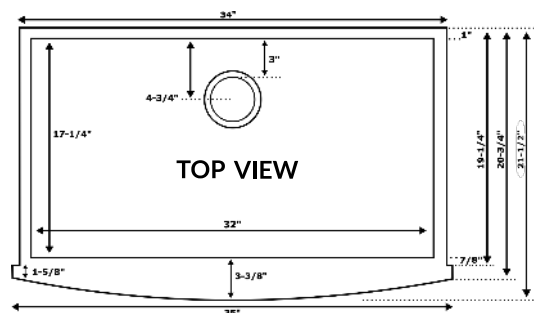

01

ORION

Orion sinks are the newest addition to the porcelain sinks offered by Cosmos. The Orion sinks are just as aesthetically pleasing as they are functional. Made of Fire clay and treated to perfection, these sinks have been built to last an eternity and give a classy touch to a contemporary area. The Orion sinks come in two formats - Farm and Pixie and ooze elegance.

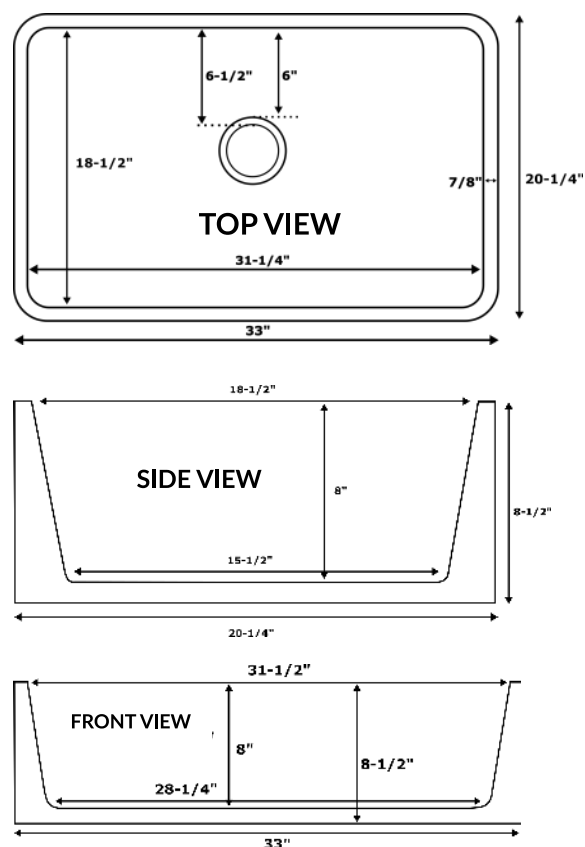

01

ORION FARM

 Inner Dimension: 15-1/2" x 15-1/2" x 7-1/4"
 Installation Type: Under mount
 Accessories Type: Grid, Strainer
 Use Areas: Kitchen, Bar

VORTEX

Vortex sinks are the very first of the composite sinks offered by Cosmos and quite possibly the toughest sinks on the market. Tested with just about every product you shouldn't use in a sink, the Vortex resisted stains and proved very easy to clean.

The Vortex Sink with its 3/8" thick walls and increased center support is stronger than any competitor sink tested for center deflection. These sinks are currently available in black and two formats - single bowl and 50/50 and are a perfect addition to any modern, heavy use kitchen.

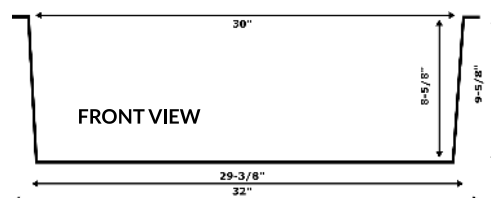

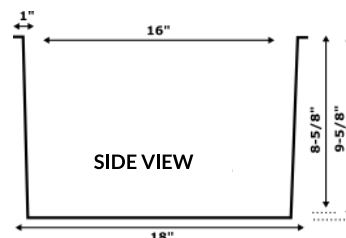

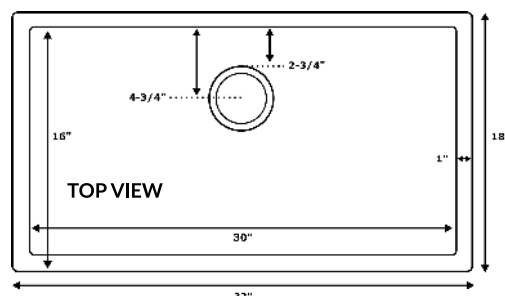

01

VORTEX SINGLE BOWL

Outer Dimension 32" x 18" x 9-5/8"
 Inner Dimension 30" x 16" x 8-5/8"
 Installation Type: Undermount
 Accessories Type: Grid, Strainer
 Use Areas: Kitchen, Laundry, Office

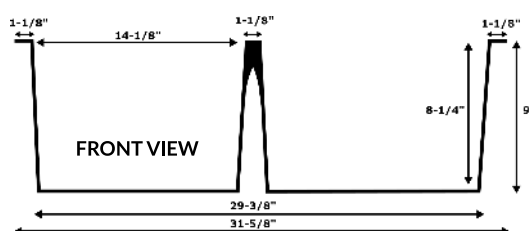

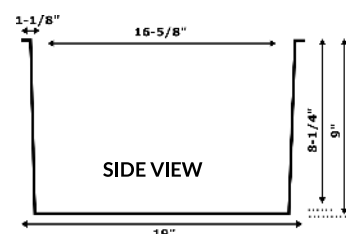

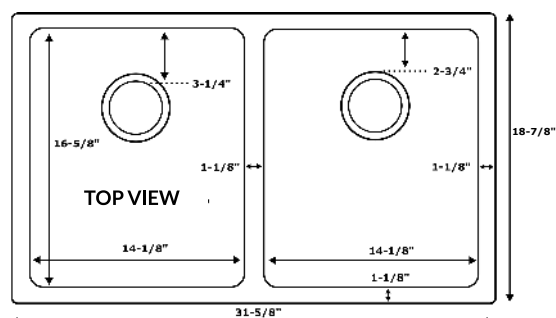

02

VORTEX 50/50

Outer Dimension 31-5/8" x 18-7/8" x 9"
 Inner Dimension 14-1/8" x 16-5/8" x 8-1/4"
 Installation Type: Undermount
 Accessories Type: Grid, Strainer
 Use Areas: Kitchen, Laundry
